

# MIND IN MOTION STUDY

.....  
The **Mind in Motion** Study seeks to discover how the brain is related to walking and keeping independence in older adults.  
.....

**You may qualify for this study if:**

- ▶ You are 65 years or older.
- ▶ You have had no significant medical events in the past six months.
- ▶ You have no neurological conditions, including dementia or Parkinson’s disease.
- ▶ You are willing to attend brief, periodic study check-ups for up to three years.

.....  
If interested, please call us at 352.273.5919 or toll-free at 866.386.7730 to learn if you qualify for the MIND IN MOTION study and to schedule a screening visit.  
.....

If eligible you could receive up to \$50 (\$200 for the first 4 visits) compensation for each completed study visit
